Parent Support

FRC Team 2175 also benefits from a significant commitment of many parent volunteers and the following contributions from parents are suggested:

- Parents of students new to FRC Team 2175 should accompany their child to one of the local off-season events (Minnesota Regional Invitational (MRI), Minne Mini Regional, Practice Match)
- Provide one or two meals for the joint MSA Fighting Calculators/East Ridge ERRORS teams during build season
- Attend at least one of the competitive events (regional or championship)
- Drive a group of students and/or chaperone out-of-town trip (complete MSA Background Check Form when needed)

There are many needs both within and outside of the science and engineering fields. Listing your occupation and hobbies will help the team build its knowledge base of potential mentors. As a Team 2175 parent, I would like to share the following skills and/or contacts that may benefit the team.

By signing this document, I understand and agree to all of the rules and policies listed below:

- I have read the FRC Team 2175 Manual and this document in its entirety and understand all policies within it.
- I understand that being on the team is a privilege, not a right and that this privilege may be taken away.
- I will respect all safety rules and will not use any equipment or tools that I have not been trained on by a mentor, approved student, or East Ridge Shop Teacher.
 - I understand the Team 2175 participation requirements listed above.
- I give consent to allow my name or photographs or videos of myself to appear in any team publications.
- I will treat all members, equipment, MSA, the East Ridge Shop, and myself with the utmost respect at all times.
 - I understand that failure to follow any of these policies can result in my expulsion from the FRC Team 2175 and the removal of Robotics from my transcripts.
